

January 2009

UPDATE

**PANO PRICE
INCREASE
EFFECTIVE
02 / 01 / '09**

PANO PRICES INCREASE TO KEEP PACE WITH DEMAND. .

PanoLogic may increase the price of Pano Zero Client technology in February 2009.

ProSync Technology Group, a gold level reseller of PanoLogic's Pano Zero Client was just informed that the price of Panos will be going up by 10% effective Feb 1, 2009. As the demand for dependable desktop virtualization solutions become more intense, prices are being adjusted to keep pace.

PanoLogic's desktop virtualization solution is getting noticed and businesses are becoming very interested in these incredible devices, and until Feb 1, 2009, early adopters will be able to enjoy the current values.

Effective Feb 1, 2009 the price will go from \$300 per unit to \$329 per unit. ProSync is urging current customers and interested companies to call in their quote requests and orders to lock in the current price of \$300. Quotes are good for 30 days and there may be a

chance for extending price values with committed orders following successful testing and evaluations.

ProSync will have online ordering available soon (Feb 2009) at www.Prosync.com, but until then, call in your orders at 410-772-7969, Fax 410-772-7967, or e-mail sales@prosync.com
